

Crime and Disorder Committee

Thursday 4 October 2018 at 7.30pm

**Council Chamber
Runnymede Civic Centre, Addlestone**

Members of the Committee

Councillors M J Maddox (Chairman), P J Taylor (Vice-Chairman), S L Dennett, Mrs L M Gillham, T J F E Gracey, N M King, Mrs Y P Lay, S M Mackay and P S Sohi.

In accordance with Standing Order 29.1, any Member of the Council may attend the meeting of this Committee, but may speak only with the permission of the Chairman of the Committee, if they are not a member of this Committee.

AGENDA

Notes:

- 1) Any report on the Agenda involving confidential information (as defined by section 100A(3) of the Local Government Act 1972) must be discussed in private. Any report involving exempt information (as defined by section 100I of the Local Government Act 1972), whether it appears in Part 1 or Part 2 below, may be discussed in private but only if the Crime and Disorder Committee so resolves.
- 2) The relevant 'background papers' are listed after each report in Part 1. Enquiries about any of the Agenda reports and background papers should be directed in the first instance to **John Gurmin, Democratic Services Section, Law and Governance Business Centre, Runnymede Civic Centre, Station Road, Addlestone (Tel: Direct Line: 01932 425624). (Email: john.gurmin@runnymede.gov.uk)**.
- 3) Agendas and Minutes are available on a subscription basis. For details, please ring Mr B A Fleckney on 01932 425620. Agendas and Minutes for all the Council's Committees may also be viewed on www.runnymede.gov.uk.
- 4) In the unlikely event of an alarm sounding, members of the public should leave the building immediately, either using the staircase leading from the public gallery or following other instructions as appropriate.

'see overleaf'

5) **Filming, Audio-Recording, Photography, Tweeting and Blogging of Meetings**

Members of the public are permitted to film, audio record, take photographs or make use of social media (tweet/blog) at Council and Committee meetings provided that this does not disturb the business of the meeting. If you wish to film a particular meeting, please liaise with the Council Officer listed on the front of the Agenda prior to the start of the meeting so that the Chairman is aware and those attending the meeting can be made aware of any filming taking place.

Filming should be limited to the formal meeting area and not extend to those in the public seating area.

The Chairman will make the final decision on all matters of dispute in regard to the use of social media audio-recording, photography and filming in the Committee meeting.

6. **RUNNYMEDE POLICING UPDATE (SURREY POLICE)**

Synopsis of report:

To receive a verbal update on policing in Runnymede from Sergeant Sarah White from Surrey Police Safer Neighbourhood Team.

Recommendation:

None - For information only.

1. **Context of report**

1.1 In recent meetings the Committee has received regular policing updates from the Surrey Police.

2 **Report**

2.1 Sergeant Sarah White from Surrey Police Safer Neighbourhood Team will report verbally on policing in the Borough.

**7. SAFER RUNNYMEDE AND COMMUNITY SAFETY ANNUAL REPORT 2017/18
(COMMUNITY DEVELOPMENT)**

Synopsis of report:

To receive the Annual Report which outlines the work of Safer Runnymede and Community Safety in 2017/18.

Recommendation:

None. This report is for information.

1. Context of report

1.1 Appendix 'B' presents the Annual Report on the Safer Runnymede and Community Safety operations and activities in the Borough. The information compiled in the report is available to Members throughout the year, including breakdowns by Ward of crime and anti-social behaviour. The Community Safety Officer is available to deal with local issues and identify ways of resolving these in conjunction with other agencies.

2. Report

2.1 The total number of Anti-Social Behaviour reports by type and by Ward for 2017/18 is shown in Appendix 'C'.

2.2 The Community Services Committee considered the Annual Report and the Anti-Social Behaviour reports at its meeting on 13 September 2018. That Committee asked Officers to consider raising awareness of safety issues in schools around dangerous bicycle activity. Officers can confirm that this is being included in the Junior Citizen event as part of the Anti-Social Behaviour set and the Police are raising awareness of the problem and its dangers at school assemblies.

2.3 The Community Services Committee also asked Officers to confirm the reason for the notable increase in Anti-Social Behaviour reports in Thorpe. Officers advise that this can be attributed to the large number of unauthorised encampments that occurred on Thorpe Green last year.

143 APOLOGIES FOR ABSENCE

Apologies for absence were received from Councillor Mrs L M Gillham.

144 RUNNYMEDE POLICING UPDATE

The Committee received a verbal update on policing in Runnymede from Inspector Pinkerton.

In light of the change in membership of the Committee this Municipal Year, further to the invitation of the Chairman, Inspector Pinkerton began by providing a summary of his experience and the remit of his role as the Inspector for the borough. Surrey Police worked closely and effectively with Runnymede Borough Council colleagues on a number of initiatives to improve the quality of life for Runnymede residents. This included action on fly tipping, Public Spaces Protection Orders (PSPO)s, unauthorised encampments and anti-social behaviour. Inspector Pinkerton highlighted that the priorities for Surrey Police in 2018-19 were Domestic Abuse, Hate Crime, Domestic Burglary and Victim Care and Satisfaction.

It was highlighted that some 23 police officers had been assaulted since the last meeting of this Committee, on average one assault per week. It was noted that local Police Officers in this Borough attended on average 180-200 incidents per week. Since the last meeting of the Committee, it was noted that there had been 131 missing person enquiries, 35 of which were classed as High Risk. In addition, 149 child protection incidents had been investigated and 371 'concern for safety, mental health and vulnerable adult' incidents.

Members queried the level of child protection orders. The Committee was advised that the number were not an abnormally high level of incidents within the borough, and that some recorded incidents might include repetition due to repeated visits to the same abode.

It was noted that the area of highest police demand in the borough was Holloway Hill (St Peter's Hospital and ACU), which accounted for some 18-20% of Police work across the borough. To address this, ongoing work with St Peter's Hospital to reduce calls on police resources was highlighted.

The work of the Community Harm and Risk Management meetings (CHaRMM) and Joint Action Group (JAG) were highlighted; in particular the work with Surrey County Council (SCC) to address traveller site issues and with Thorpe Park following their night events. Other examples were cited as to the good work achieved by both groups borough wide.

Total notifiable offences reported to Surrey Police for this year to date were 8.8% up (119 offences). It was explained that a major factor in the previous 20% increase of domestic burglaries recorded by the police was due to the Home Office requiring incidents including sheds and garages to be included as from September 2017. Efforts to address domestic burglary were noted, including a recent Operation leading to 50 arrests (since November 2017) that had led to 17 individuals being charged.

Inspector Pinkerton highlighted the continued need for all partners to enable data sharing so as to ensure that the police were assisted in their investigation.

The increase in the local Traveller population and unauthorised encampments was noted, along with the new police protocol for exercising their statutory powers regarding removal; it was noted that there would be a presumption by the police not to exercise their powers unless there was clear harm or where those within the encampment had indicated that their stay would exceed seven days. Members noted the difference in opinion between the Police and Crime Commissioner for Surrey and Surrey Local Council Leaders regarding the effectiveness of transit sites. The police were invited by Members to clarify how many transit sites were required and their proposed location so that the public were clear what the police believed to be needed.

Further to a specific request in the last Municipal Year, Inspector Pinkerton provided data on domestic burglaries in the Virginia Water area and the Committee noted that whilst there was a spike in such incidents in November and December 2017, they had since reduced and the figures were back within the norm for the area.

Members queried if there were any statistics or evidence regarding an increase in incidents this last year further to the decision by SCC to turn off street lights within the borough at night. The Committee was advised that there was no evidential link between SCC's decision and the latest recorded crime figures, nor had a pattern in behaviour been noted to suggest any negative impact.

Members noted the details of the two recently approved PSPOs in Addlestone and Egham which prohibited specified activities in a defined public area, queried the delayed implementation of these PSPOs and asked for more information regarding the proposed publicity of these Orders. It was noted that the Council decided to allow for a grace period

of six weeks to ensure that the public were provided sufficient time to appreciate the effect of the Orders before they were to be enforced. Inspector Pinkerton agreed to inform the Committee of the planned strategy and efforts to publicise these PSPOs.

Members raised concerns regarding ongoing parking issues on the A30. The Committee was advised that as the area was classed as a rural clearway, Council Officers had no power to assist the police addressing this issue. It was believed that the main cause was infrequent visitors to the local area; the police were liaising with the Crown Estate and Surrey County Council to place bollards at pinch points to manage the issue. The Crown Estate had also been invited to place multi-lingual parking signs in the area to help advise foreign visitors of the parking restrictions. Members commended the police's efforts to address these issues.

Members sought assurances regarding police presence at Armistice celebrations. The Committee was advised that there would be a presence on Remembrance Day at Chertsey, Egham, Addlestone and the RAF memorial.

Members of the Committee thanked Inspector Pinkerton for his comprehensive presentation. The Chairman repeated Members' offer of support to the police, where it was possible to do so. The Inspector expressed his appreciation for the Council's support at all levels of the authority.

**COMMUNITY SAFETY AND SAFER RUNNYMEDE
ANNUAL REPORT 2017 – 2018**

1. INTRODUCTION

- 1.1 This report provides information for The Community Safety Partnership (CSP) which is the statutory partnership under The Crime and Disorder Act 1997 and The Crime & Disorder Scrutiny Committee of Runnymede Borough Council which has responsibility for the overview and scrutiny of community safety matters in the borough.
- 1.2 The report documents all aspects of the work performed within Community Safety.
- 1.3 Much of what the service deals with has to remain confidential as it involves Police operations and actions by other enforcement agencies. All partners are working increasingly together to address local problems and share information in accordance with the agreed countywide multi agency information sharing protocol.
- 1.4 The partnership has four main areas of activity and these include addressing problems caused by identifiable individuals; addressing problems which occur at identified locations, support for ongoing projects and diversionary activities and support for new projects which are likely to benefit community cohesion.

2. FUNDING

- 2.1 The CSP funding of £3,104 was used to purchase 24hour segment timers (targeting domestic burglary), Junior Citizen plastic bags, Junior Citizen pencils, power supply for deployable CCTV unit and volunteer's refreshments.
- 2.2 The CSP purchased a deployable CCTV camera which will assist the partnership to tackle identified areas of antisocial behaviour (ASB) or crime.
- 2.3 A Community Safety underspend of £1000 was carried forward to 2018/19 covering the cost of the Public Spaces Protection Orders (PSPO) signs in Addlestone Town Centre and Englefield Green.
- 2.4 In 2017/18 £1,800 was received from the local area committee for local community safety work. This funding was carried forward and will be contributed to purchasing throw line signs to be installed in risk areas.
- 2.5 The Police and Crime Commissioner Office (PCCO) provided funding of £5000 for the Junior Citizen handbooks and £2000 towards the Truss's Island's, Chertsey barrier scheme, assisting in reducing ASB.

3. **COMMUNITY SAFETY PARTNERSHIP**

- 3.1 The borough engages in the Government 'Prevent Strategy' developed to stop individuals becoming terrorists or supporting terrorism. Across Surrey the Community Safety Unit on behalf of Surrey County Council coordinates the Prevent Strategy. A Prevent Executive Group is the overarching strategic board that meets quarterly. Prevent was a CSP priority for 2017/18 where a local strategy, action plan and quarterly update are monitored at the CSP meetings.
- 3.2 In 2017/18 the Police Prevent Team stated that there were no significant community tensions reported in the borough. Engagement with communities has continued in order to provide reassurance and to encourage any hate crime incidents and related community tensions to be reported.
- 3.3 The Channel process is essentially a safeguarding programme aimed at supporting individuals identified as vulnerable to being drawn into violent extremism or terrorist related activity. This is a multi-agency panel arranged and chaired by Surrey County Council inviting relevant agencies to attend on an individual case basis. During 2017/18 there have been no channel cases within Runnymede.
- 3.4 Ongoing Prevent awareness training of new council staff is required. A review of the current training options will be conducted with the Training Development Manager and Applied Resilience.
- 3.5 Domestic Abuse was highlighted as a priority for 2017/18 focusing on increasing awareness of domestic abuse and support services available to victims along with mitigating further risk of harm to victims and families.
- 3.6 High risk cases are discussed monthly at the Multi Agency Risk Assessment Centre (MARAC) where agencies share information to increase the safety of victims and agree a risk management plan.
- 3.7 Police issued 11 Domestic Violence Protection Notices in Runnymede (DVPN) to perpetrators of domestic abuse to provide instant protection to victims in the aftermath of a domestic abuse incident. A magistrate granted 32 Domestic Violence Protection Orders (DVPO) where the order will immediately ban the perpetrator from returning to a residence and from having contact with the victim for up to 28 days. This period of time allows the victim the opportunity to consider their options and get the support they need.
- 3.8 Domestic Awareness Week took place in October 2017, a county-wide event. Information and advice was published via social media channels and on the public Runnymede webpage.

- 3.9 ASB Awareness Week took place in July 2017, a county-wide event. Information and advice was published via social media channels and on the public Runnymede webpage.
- 3.10 Community Safety also supported Alcohol Awareness Week in November 2017. To increase awareness, the 'Don't Bottle It Up' alcohol scratch cards had been placed on desks in the Civic Offices. The scratch card asks three simple questions and directs those drinking at risky levels to take the full alcohol test online. Information for residents was also publicised on the Runnymede webpage.
- 3.11 The CSP has highlighted Child Sexual Exploitation (CSE) as one of the key priorities for 2017/18. Surrey County Council's Children's Safeguarding Board is the lead agency for CSE across the boroughs. The role of the CSP is to support the weekly risk management meetings and by tackling and preventing CSE within Runnymede. No referrals of individuals or areas of concern were made to the Community Harm and Risk Management meeting (CHaRMM) or Joint Action Group meeting (JAG) in 2017/18.
- 3.12 Annually, Runnymede Borough Council in partnership with Surrey Police invites each school in the borough to take part in the Junior Citizen Scheme. Below is the list of schools who attended:
- Ottershaw C of E School
 - Thorpe Church of England School
 - Darley Dene School
 - St Anne's Catholic School
 - Bishop Gates School
 - St Pauls C of E
 - Ongar Place School
 - Sayes Court School
 - St Ann's Health Junior
 - Thorpe Lea School
 - St Cuthbert's School
 - Holy Family School
 - Manorcroft School
 - Stepgates School
 - Pycroft Grange School
 - Hythe Community School
 - St Jude's C of E Junior
 - New Haw Community School
- 3.13 The event was held in November 2017 at Thorpe Park, Chertsey free of charge. Almost 800 children were given the opportunity to learn potentially life-saving skills.
- 3.14 As a partnership scheme, Junior Citizen is delivered by Runnymede Borough Council in conjunction with Surrey Police, Surrey Fire and

Rescue Service (SFRS), St John Ambulance, UK Power Networks, South West Trains, British Transport Police and the Royal National Lifeboat Institution (RNLI). The PCCO Surrey provided funding for the Junior Citizen handbooks. Support is also received from Tesco who contributed the refreshments for the volunteers. The schools that required transport arranged by the Council were charged £2.00 per child to cover the cost of transport provided. This is the only cost required from participating schools.

- 3.15 A tri-borough (Runnymede, Elmbridge, Spelthorne) Respect the Water initiative was launched in June 2017. A promotional water safety event took place at Runnymede Pleasure Grounds where residents received water safety advice delivered by RNLI, live demonstrations of how to use equipment appropriately if someone comes into difficulty while in the water and once rescued how to administer first aid. Agencies who supported the event are SFRS, RNLI, Ambulance Service, Surrey Search and Rescue and fellow borough representatives.
- 3.16 Locations which particularly run along the River Thames were risk assessed by the SFRS who then recommended target areas for the signs/ throw lines. Three throw line signs were installed at Runnymede Pleasure Grounds.
- 3.17 In addition to reducing crime across the borough, the CSP identified Domestic Burglary as a key priority for 2017/18. To assist in deterring burglaries, 212 24hour segment timers were distributed to hot-spot areas identified by Surrey Police. Crime prevention advice was delivered through Neighbourhood Watch, online and social media channels.
- 3.18 Surrey Police and the CSP work in partnership to address Serious Organised Crime (SOC) within the borough. A local SOC profile has been produced by Surrey Police with intelligence provided from agencies. Organised Crime Groups (OCG) included crimes relating to drugs, human trafficking, firearms, modern slavery, internet crime, fraud and counterfeit goods. There were no OCGs operating in Runnymede in 2017/18. SOC training for Runnymede staff has been arranged for 2018/19.

4. **ANTI-SOCIAL BEHAVIOUR**

- 4.1 In Runnymede there are various options available to report ASB. Majority of reports are received via the online reporting system available on the council website. This facility is available to all local residents and the reports are automatically forwarded to the relevant departments or emergency service to be addressed.
- 4.2 The number of reported ASB incidents to Runnymede Borough Council has increased. The total number of reported ASB incidents for 2017/18 concluded to 1783, a small increase of 88 incidents when compared to

last year's annual total. Reports of fly-tipping, noise, litter and rubbish contribute to majority of this increase. Surrey Police saw a reduction of 296 fewer reported incidents of ASB when compared to last year's total.

- 4.3 Identified individuals causing problems within the community and victims of the harm are considered at CHaRMM. The move towards a harm reduction and risk assessment based response ensures actions are taken to reduce the negative impact that problem individuals and families have on communities through their anti-social behaviour and put in place appropriate risk management plans to reduce the negative impact on victims.
- 4.4 The meeting is attended by members of various agencies including the police, family services, community mental health, housing associations and children's services. The members consider all available options including support to the individual or the parents, or appropriate enforcement tools.
- 4.5 CHaRMM is managed through SafetyNet, a county wide initiative. It is a secure online based system where only assigned agencies have access. CHaRMM reports quarterly to the CSP and at the end of the year there were 14 individuals on CHaRMM.
- 4.6 Six Criminal Behaviour Orders and one closure order were secured by the police, four Community Protection Notices (CPN) Warning Letter and two CPNs were issued by the council during 2017/18. A breach of a CPN led to a fixed penalty notice (FPN) being issued by the housing department.
- 4.7 Identified locations where the community are experiencing problems or specific crime types causing concern are considered at a multi-agency JAG meeting. Activities of the JAG are reported quarterly to the CSP. At the end of the year there were two areas being monitored by JAG.
- 4.8 The CSP identified tackling environmental ASB as one of its priorities for 2017/18. The reported fly-tipping figures for 2017/18 when compared to 2016/17 show a very small increase of eight incidents for the year.
- 4.9 Runnymede's Environmental Health Team continues to support the county wide Fly-Tipping Strategy and use SafetyNet to create an open dialogue with other boroughs, as often the perpetrators offend across borders.
- 4.10 Environmental Health issued six FPNs, one seizure of vehicle, one statutory notice regarding produce waste transfer notes and one FPN non-compliance of statutory notice in 2017/18. Environmental Health continue to deploy mobile cameras, especially in "hot spot" areas.

- 4.11 In 2017/18 the police in partnership with the council saw an increase of reported antisocial behaviour in Addlestone Town Centre and an area within Englefield Green. Both locations were referred to JAG, and a multiagency response to various concerns was addressed. The option to introduce Public Spaces Protection Orders (PSPO) in accordance to legislation was explored. The purpose of a PSPO is to stop individuals or groups committing ASB in a public place by restricting certain types of behavior. Public consultations for the PSPOs were conducted with a majority of residents supporting the proposals. The two PSPOs and enforcement policy were implemented in June 2018. Due to resources and logistics the Surrey Police are the primary enforcers with the council issues warning letters and FPNs where breaches have occurred.
- 4.12 The CSP purchased a deployable CCTV unit in March 2018 to assist in tackling ASB and crime. The unit is attached to a street lamp and records live images linked into Safer Runnymede. The unit is not static and can be moved to various locations.
- 4.13 The deployable CCTV unit is currently located at a JAG location. Since the installation of the CCTV, there has been a dramatic decrease of reported ASB with residents expressing increased sense of safety.
- 4.14 According to the legislation, Anti-social Behaviour, Crime and Policing Act 2014 residents have the opportunity to request a local authority to conduct a review of an ASB case known as the 'Community Trigger' or 'ASB Case Review'. There were no Community Trigger requests within Runnymede in 2017/18.

5. CCTV OPERATIONS

- 5.1 This report is published in compliance with the principles of the Home Office Surveillance Camera Code of Practice – June 2013.
- 5.2 Closed circuit television (CCTV) continues to be a powerful tool when used to combat crime and anti-social behaviour, particularly when integrated with other crime reduction methods such as retail 'radio-link' systems and close working partnerships with colleagues from Surrey Police.
- 5.3 Runnymede Borough Council, Safer Runnymede, Surrey Police, Ashford and St.Peter's NHS Trust, Thorpe Park and other local business organisations remain of the view that where CCTV is either in place, or will subsequently be introduced, there is a tangible benefit to those local communities and businesses and a reduction of incidents of crime and public disorder.
- 5.4 The CCTV system also assists in monitoring road safety and improves community confidence thereby creating a safer environment for residents, traders and visitors.

- 5.5 This report documents all aspects of the CCTV work performed within Safer Runnymede by the operators in the Safer Runnymede Care and Control Centre. This complies with the agreed Code of Practice which applies to the operation of public space CCTV and provides an outline of activity for partners.
- 5.6 Much of what the unit deals with has to remain confidential as it involves police operations and actions by other enforcement agencies. This report is, as a result, limited in the detail that can be given about individual cases, many of which are yet to come to court. It also excludes information which could lead to the identification of individuals. All partners continue to work together to address local problems and share information in accordance with the agreed countywide multi agency information sharing protocol.
- 5.7 It is recognised that gaining and keeping public support for CCTV is vital. We understand the need for a comprehensive and effective Code of Practice defining the systems operational parameters. This Code of Practice is published on our website:
<https://www.runnymede.gov.uk/article/6606/Safer-Runnymede-CCTV>
- 5.8 Therefore, we will only utilise CCTV with the consent and support of our local communities to assist in the fight against crime, whilst ensuring that individual civil liberties are not infringed. Our CCTV system is operating in accordance with:
- The Data Protection Act 1998
 - The European Directive 95/46/EC
 - The Human Rights Act 1998
 - The Regulatory and Investigatory Powers Act 2000
 - The Protection of Freedoms Act 2012
- 5.9 In addition to statutory requirements the Council continually assesses compliance with the following advisory Codes of Practice.
- Data Protection Code for Surveillance Cameras 2014 – Information Commissioner’s Office (ICO)
 - Surveillance Camera Code of Practice – The Surveillance Camera Commissioner
- 5.10 The system design and operation is based on current guidelines provided by the Home Office, the Police Scientific Development Branch and advice from [the National Police Chiefs Council \(NPCC\)](#).
- 5.11 The CCTV scheme is registered with the Office of the Information Commissioner, in compliance with the Data Protection Act 1998, and with the Home Office in respect of the Police radio system.

5.12 All partners are totally committed to complying with these Codes in relation to the deployment and operation of CCTV.

6. CCTV POLICY PRINCIPLES AND OBJECTIVES

6.1 The prime purpose of the system is to reduce both the real and perceived level of crime.

6.2 The system is used:

- To improve confidence in the rule of law
- To provide security coverage for the Council's own premises
- To assist in the apprehension and prosecution of offenders in relation to crime and public disorder
- To assist in the protection of vulnerable persons or victims of crime
- To provide security cover and monitoring for town centre events
- To gather evidence by a fair and accountable method
- To create a safer community, improving the quality of life for all
- To enhance the economic climate, creating a greater opportunity for prosperity
- In preventing or alleviating serious interruptions to traffic flow
- In preventing or alleviating problems of an anti-social nature in the community

6.3 All Borough Council CCTV Cameras are overt and their presence is clearly indicated by signs covering the CCTV area. The signs conform to the requirements of the Home Office CCTV Code of Practice.

6.4 CCTV footage and recorded information will only be used by the Borough Council, Police and other statutory law enforcement agencies for the conduct of their duties.

7. CCTV OPERATIONS

7.1 Safer Runnymede Control Room is now nine years old. Our systems continue to operate to the high standard envisaged in its original specification, with ongoing technical upgrades incorporated into the running costs.

7.2 The digital storage of 31 days enables incidents to be immediately reviewed. We are also able to archive footage and burn data to evidential disks for Police and Council Officers as required. This system flexibility provides an outstanding service to partners. The quality of picture display, camera operation and picture retrieval is essential and used to its fullest extent.

7.3 On a number of occasions during the year we invited *Bosch Europe* and their potential Local Authority partners, to visit our CCTV Control

Room. These visits allowed colleagues throughout the country to design new CCTV Controls Rooms using the Safer Runnymede CCTV environment as an industry standard.

- 7.4 We operate in compliance with the National Strategy for Public Space CCTV and are accredited to the Surveillance Camera Commissioner Code of Practice.
- 7.5 We continue to work hand in hand with the Police. Our dual system of both Council and Police fibre cabling gives us access to both Council and Police networks/phones and radios. The Operators are all vetted to use the Police incident handling system (ICAD) which has increased the number of incidents which the operators have been able to assist with. Police management have visited our control room and continue to be satisfied in the security and operation of the room.
- 7.6 We operate as before with dedicated operators monitoring the cameras in our Borough 24/7 and similarly provide CCTV operators to monitor the cameras in Spelthorne.
- 7.7 Two Supervisors assist the Safer Runnymede Manager in the undertaking of all operational obligations as well as the training of new staff, camera cover when required and the day to day monitoring of the operation.
- 7.8 The current total number of cameras accessed stands at 365.
- 7.9 Our operations team also support CCTV partnerships with local partners such as Thorpe Park and at St. Peter's and Ashford NHS Trust Hospitals during out-of-office hours. Monitoring for our partners from a single CCTV environment has continued to prove to be of considerable operational advantage to colleagues at Surrey Police. For example, incidents starting in one area are often resolved by observations in another, across the CCTV network. This wide area network of cameras is unique in the County and is of great benefit to local people, businesses and Surrey Police.
- 7.10 In 1998, the first full year of operation, operators recorded 784 incidents where cameras were used. By contrast, recent figures are as follows:

	2015	2016	2017
CCTV Incidents by Borough

<p>*These video searches are conducted on behalf of Police by authorised Safer Runnymede personnel.</p> <p>** Although the number of visits by Police have seemingly decreased as a consequence of the Elmbridge/Epsom CCTV contract end, in real terms the visits have actually increased from an anticipated 546 to 875 (this figure includes approximately 109 visits for EBC/EEBC during Jan-Mar 2017).</p>			

- 7.11 The number of arrests recorded where CCTV has provided vital evidence since the Centre opened has now reached well over 3,000.
- 7.12 That said, this total number is likely to be somewhat conservative as the number of arrests where cameras play an instrumental part is difficult to establish - many more arrests follow review of recordings by Police Officers after the event.
- 7.13 During 2017 we provided Police with evidence recorded on DVD in 392 cases (500 in 2016) and a further 156 (78 in 2016) still photographs were given for identification purposes.
- 7.14 It should also be remembered that not only does CCTV enable the detection of offenders who would otherwise escape justice but also leads to an increase of guilty pleas at Court. This often saves witnesses from the trauma of giving evidence and the Police and Criminal Justice system considerable saving in time and resources.
- 7.15 Regardless of security clearance, all visitors are required to sign into the Control Centre, 95% of these visitors are Police staff wishing to view CCTV footage or acquaint themselves with the system.
- 7.16 During 2017 we received some 875 visits from our Police colleagues.
- 7.17 Although the number of visits by Police have seemingly decreased as a consequence of the Elmbridge/Epsom CCTV contract end, in real terms the visits have actually increased from an anticipated 546 to 875 (this figure includes approximately 109 visits for Elmbridge/Epsom during Jan-Mar 2017).

- 7.18 Beyond our efforts to assist Police colleagues, the CCTV system and our Code of Practice also permits use of the cameras for a number of different purposes. The variety has been great but has always been conducted within the Code and for the benefit of local people.
- 7.19 There have been many searches for missing people of all ages from the very young to the elderly or sick. It is often difficult to place a tangible result on these events but as well as possibly preventing a tragedy and reducing emotional stress for the relatives; there are also considerable known savings to Police resources.
- 7.20 The system is also used by a number of Sections within the Council in the performance of their duties. It helps (by identifying) Town Centre Management problems such as rubbish, graffiti or broken street furniture and in consequence these issues are dealt with often before reports are received from the public. We also help other agencies, including Customs and Excise and Health and Social Care. The cameras provide evidence of many road traffic collisions and footage and stills are used in the investigations as to the cause.
- 7.21 Partners at the Network Management Information Centre (NMIC - Surrey County Council Highways) continue to receive images of Public Space CCTV cameras via fibre links. These are generally used to assist in Traffic Management or Major Incident planning.

8 DIRECTED SURVEILLANCE (THE REGULATORY AND INVESTIGATORY POWERS ACT 2000)

- 8.1 Use of the CCTV system under the Regulation of Investigatory Powers Act 2000 is recorded and during the year the legislation was used on five occasions. The necessary authorisations were all provided by Surrey Police and authorised by a Police Superintendent.
- 8.2 During this period the CCTV Control Practices was audited by the Surveillance Commissioner's Office on our RIPA usage and protocols.
- 8.3 No issues were raised and the audit report suggested Runnymede was a fine example of best practice.
- 8.4 The system continues to be maintained to the highest possible standards with the criteria always that the pictures must be of evidential quality.

9 COMPLAINTS

- 9.1 The CCTV system is operated strictly in accordance with an agreed and published Code of Practice. This complies with the requirements of the Information Commissioner. This requires complaints about

misuse of cameras or invasion of privacy to be investigated and reported.

9.2 There were no complaints in 2017.

10. SUBJECT ACCESS REQUESTS

10.1 There was one request in 2017.

11. FREEDOM OF INFORMATION REQUESTS

11.1 We had eight requests in 2016.

12. PRIVACY IMPACT ASSESSMENTS (PIA)

12.1 We conducted four PIAs during the period.
