

Standards and Audit Committee – 28 November 2024

Addendum

Agenda item 7 - LGA Corporate Peer Challenge outcome and the Council's response

Officers have reflected on the report's recommendations and are of the view that because the Action Plan has implications spanning all of the Council's functions, and given its importance to the Council in contributing to the delivery of Best Value, it would be more appropriate that Full Council, as the primary decision-making body of the authority, approve the Action Plan.

The recommendations for this report have therefore been amended to the following:

That the Standards and Audit Committee:

- i) Notes the LGA's Corporate Peer Challenge report; and**
- ii) Recommends the action plan, as shown at Appendix B, to Full Council for approval.**
