

**Appendix B – Consultation response from residents**

Consultee	Category	Comments & Response
Member of public	Resident	<p>“Increased housing development with not enough parking allocation, idling of cars in unallocated spaces near residential windows, concern for impact on health.”</p> <p>Response to resident stating each planning application is assessed for its parking layout and provision, and parking places allocated accordingly by the planning department. On street parking is handled by the private operator of the development infrastructure or on public roads, Surrey County Council.</p> <p>Conveyed that Runnymede Borough Council currently have an anti-idling campaign to highlight the nuisance that unnecessary idling presents (<a href="#">On the move – Runnymede Borough Council</a>) this RBC Action aims to run public information campaigns of a similar nature (Table 5.1, R.1)</p>
Member of the public	Resident	<p>Feedback amounted to an enquiry regarding legalities of car idling.</p> <p>Response stated that under section 12 of <a href="#">The Road Traffic (Vehicle Emissions) (Fixed Penalty) Regulations 2002</a> an offence is committed only when, if asked to stop by an designated, authorised officer, they continue to idle.</p> <p>If this were a regular occurrence officers would speak to the driver and ask them to switch off or move on. In conclusion the idling must be witnessed by an officer, however we are at present unable to commit resources from our department to enable this.</p> <p>Runnymede Borough Council currently have an anti-idling campaign to highlight the nuisance that unnecessary idling presents (<a href="#">On the move – Runnymede Borough Council</a>) this RBC Action aims to run public information campaigns of a similar nature (Table 5.1, R.1).</p>
Member of the public	Resident	<p>‘My concern is the gross pollution from log burners. The BMJ has published this report: <a href="https://www.bmj.com/content/350/bmj.h2757/rr-1">https://www.bmj.com/content/350/bmj.h2757/rr-1</a>’</p> <p>Runnymede Borough Council have ongoing public information campaigns (Clean Air Night) aimed at informing residents on the types of fuel that should be used.</p>
